The BIG Problem:

Online dating without singles events is ineffective.

Online Dating ALONE can be:

- Risky and uncertain
- A haven for deceptive individuals who lack integrity
- An intimidating and overwhelming environment for busy, shy, honest singles
- Overly balanced toward women, with a limited number of men

Solution:

Combine online dating with singles events in a safe, comfortable environment organized by a 30-year, trusted coaching professional.

Horror stories abound about online singles dating services that do not adequately screen their members, allowing inappropriate contact with other members who are sincerely seeking life partners. No one wants to be bothered by married members masquerading as singles and ruining other's lives via what is supposed to be a vital, safe service.

In response to this insidious problem, *BESTMatch* puts an end to this hurtful, mean behavior. To ensure the utmost in safety and honesty, we confirm each member's personal information privately, to ensure honest and trustworthy members.

We are relentless in providing a forum in which you can meet other members of high character and ethical standards, without fear of dishonesty and deception.

Our Mission

BESTMatchClub offers a completely secure, pressure-free, personalized, local introduction dating service. We bring you the opportunity to meet a new friend or a love connection faster – with less frustration, time, effort and cost than all other national services.

The steps involved in using *BESTMatch* are easy, and allow you to develop intimacy safely, quickly, comfortably and without pressure, in a manner consistent with your own personality. This includes any of our wonderful Singles Dinner/Dances, Singles Home Parties, or Speed-Dating Events.

History

Anyone who has attended our various singles parties knows that we have a passion and talent for introducing discerning, ethical singles to one another. The truth is, we honestly enjoy helping singles make a love connection with someone special.

If you've only recently started attending our events, please know that we started Singles Home Parties in 2006, in a spacious home in Bedford. These events were very successful, with singles like you coming every week – and enjoying every minute.

Our founder absorbed the bulk of the expenses and contributed the time involved in running the Singles Home Parties, because he wanted to give everyone the opportunity to meet other educated, professional singles in a loving, safe, comfortable and quiet environment.

After two years, the Home Parties' ever-increasing popularity forced us to curtail our wonderful singles events in the original location. Eventually, to continue the fun, we launched Singles Dinner/Dance Parties, which continue to take place every month at the Temple Shalom Emeth in Burlington. (All religious beliefs are welcome at this location.)

Club Philosophy

Our Philosophy:

Online dating should be fun, safe, honest, and social.

How we achieve this:

- **Fun**
Our members meet and interact with singles face to face in a no-pressure, nonjudgmental environment.
- **Safe's**
We confirm member's age category, marital status, addresses, phone numbers, and email addresses to ensure honesty. And we keep your personal information as private as you want it.
- **Honest**
Our members are attracted to our services because they wish to meet honest, reliable, and trustworthy individuals like themselves.
- **Social**
We provide avenues for social interaction that get our members off their computers and into the singles milieu.

Our Social Tips:

- **Become a *masterful communicator* (MC).**
- **Be a good, nonjudgmental listener.**
- **Do not criticize, condemn, or complain.**
- **Compliment others on their positive qualities.**
- **Make a commitment to give more than you take.**

I see many happy relationships and often think, "I don't see them together." I usually can match people by their physical facial and bodily structure. Yet this is not always true, such as when I meet couples that appear incompatible but have connected on a deeper level with similar values. In these instances, each person was nonjudgmental with the other in terms of appearance, and this allowed them to establish a happy and stable relationship.

First Impressions:

How often have you been rejected by someone either on an online dating service or at a dance? You felt there might be a connection but were not given the opportunity to communicate. Well, here's your chance:

I ask members to say, “Yes”!

- Yes to communicating online.
- Then yes to a phone call.
- Then yes to a secure dance party, or yes to a safe home party.

This allows people to stop limiting themselves and gives them a chance to meet their life partner and possibly their best friend. Embracing this process allows for many opportunities to find love.

Golden Rule:

We ask our members to implement the *Golden Rule*:
Do unto others as you would have them do unto you.

Critical singles attract other critical singles. This results in failure and unhappiness. When singles are kind and respectful, they attract kind and respectful singles. This is the indisputable law of attraction.

The *BEST*Match 3-Step Process

The steps involved in using *BEST*Match are easy, and allow you to develop intimacy safely, quickly and comfortably, without pressure, in a way that fits your own personality. This includes any of our wonderful Singles Dinner/Dances, Singles Home Parties, or Speed-Dating Events.

STEP 1 - Join the *BEST*Match group appropriate for your age:

- A. 25 to 35 Group - www.meetup.com/BestMatch-25-35
- B. 36 to 45 Group - www.meetup.com/BestMatch-36-45
- C. 46-Plus Group - www.meetup.com/BestMatch-45Plus

STEP 2 - Attend a 100-Person Singles Dinner/Dance Party

You may meet members with whom you connected online via *BEST*Match by inviting them to attend our monthly Singles Dinner/Dance Parties. We also invite *everyone* to attend our safe and secure environment at the Temple Shalom Emeth in Burlington, MA (all religions welcome). Check our site at <http://www.meetup.com/Singledanceparty>. You may also reverse this process, and meet first at the dance.

HONEST COMMUNICATIONS PREVENT SURPRISES – We’re all adults, so we understand that any participant may be meeting multiple individuals with whom he or she has connected online.

There’s no commitment to stay with just one person at the Singles Dinner/Dance Parties. Members simply meet each other personally and communicate for a few minutes in a forum that’s a bit like Speed-Dating, using a newly redecorated, private room. This allows members to communicate more intimately, quietly and personally.

Let’s have fun meeting many **QUALITY** people, with a better opportunity to find our life partner, life companion, soul mate, or best friend. Although finding your **GR8** Mate is serious business, there’s no reason we can’t make it great fun.

STEP 3 - Attend a 50-Person Singles Home Party

This party is a smaller, more intimate group, which is able to communicate more easily in the quiet, warm, cozy environment of our founder’s home. Everyone is friendly and open to meeting with you. The site for this event is <http://www.meetup.com/Singlehomeparty>.

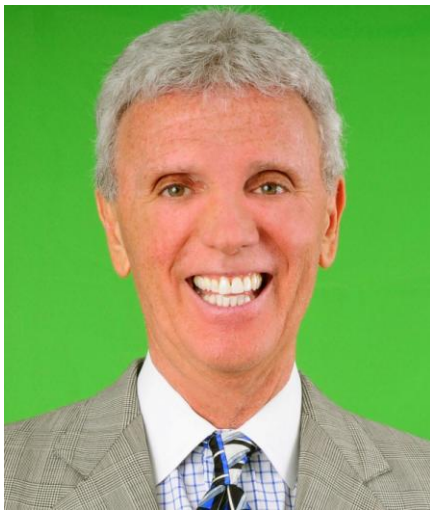

Consider this your first date. Everyone who attends wants to know more about you. They are congenial and want to communicate with you to find out if that vital spark of chemistry is present. Remember, everyone is invited. Some singles find this venue less intimidating than online dating and the Singles Dinner/Dance Party.

Member Requirements

You agree to three integrity requirements that are the tenets of a principle-centered member.

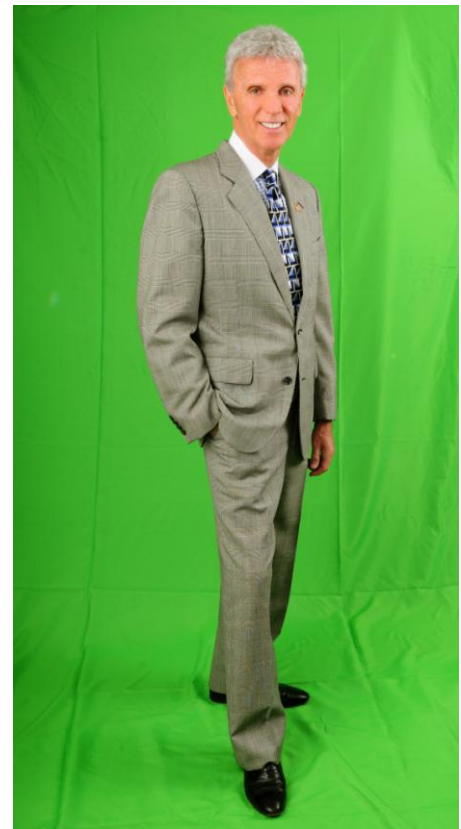

- **Character**

You agree to maintain your integrity, honesty, reliability, trustworthiness, positivity, optimism, supportive nature, and nonjudgmental communications. You and *BESTMatch* are close partners in your personal search.

- **Photos**

You agree to download two recent photos no more than 6 months old, a close-up head shot and a body shot. These photos are who you are today. If you lie, you attract nothing but dishonest people.

- **Email Guidance**

You accept *BESTMatch* sending you 1 or 2 emails a week in which Richard Tosti will coach, guide and encourage you to achieve your goal.

- **Availability**

You agree to respond to everyone's emails with humane interpersonal communication skills within 24 to 48 hours. No excuses! This is the start of developing mutual respect! Be careful not to prejudge on appearance alone.

Dynamic People & Process

To serve you well, this *BESTMatch* site may be revised or changed at any time. Feedback and ideas from members have continually inspired us to improve the process. Changes may be needed to achieve and maintain quality membership and to provide maximum results for all members.

The total intelligence of our members is far greater than our founder's singular intelligence. We will continue to utilize the synergistic efforts of all of us working for the same objective: *To find our life partner.*

There are no long-term contracts. You may cancel at any time. We may terminate you at any time if we receive evidence of inappropriate behavior. Comments from you are valuable to improve on this concept.

We are asking all of you to help make *BESTMatch* great by recruiting other discerning people like YOU, so we can jointly grow the club and offer all of our members a large group of other wonderful, high-integrity singles.

It's our fervent hope that our joint efforts will allow *BESTMatch* to reach 1,000 members in each of the three age groups by 2012.

The objective here is *Quality, not Quantity.*

P.S. A disclaimer: Our goal is to meet people of character. This obviously cannot be a guarantee. Even with a confirmation check, conditions change, there may be human error, and people lie. By stressing values, character and honesty, we increase the probability that principle-centered people will be attracted to us. If a few unethical people slip through and join, I believe the pressure will be so great, being associated with you, our members, that they will cancel their subscription.
